One other thing, Chris, while we are here: the email where you offer to sue me on behalf of Redemption and do it on commission, knowing that you were concocting frivolous claims - that one shows that the only thing more foul than your breath is your soul. Brush your teeth from time to time. I have PTSD from that deposition. Your breath will still be an atrocity from your diet consisting exclusively of foix gras and cheese, but the toothpaste might mask it a bit. It's a human rights violation just having to look at your obscene physique alone, but the smell that emits from the talking blob of grease that I was staring at, well, I'll never recover from that.

PS I bet Greg regrets not taking that offer now 😂

Pedophile was a big tough guy when Dishonest Dawes decided to rub my past in my face. This is who he really is. You're all the same. Welcome to hell. We have the emails, Chris, where you explain to Barrie, Howard, and Greg, that you knew that conversion rights and the 30% didn't exist and that you were concerned about simply suing me for breach of contract and unjust enrichment because then I would be able to just pay the principal like I had agreed and the pedo wouldn't be able to take my company. And so you suggested concocting fraud claims. Fuck you and your confidentiality.

It's nice to see you again. I was hoping I'd get the chance to destroy you too. This will be fun.
